Laundry Drying Rack - 101 CM

STEP BY STEP

STEP BY STEP

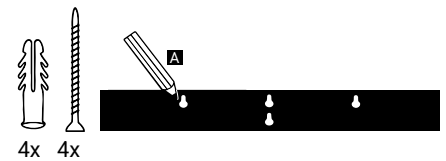

1. Open the left and right lids.
2. Pull the metal frames out from the center, extend all bars fully and the rack is ready for use.
3. Hang laundry to dry.
4. Remove all cloths & laundry clips from the bars, push left and right metal frames towards the center and close the lids.

Safety Instructions: Never exceed the maximum load capacity of 25 kg (60 lbs). Place the drying rack high and out of children's reach.

What is included:

- Fully assembled retractable drying rack
- Installation and user manual
- 4 sets of screws and plastic anchors

Installation:

1. Adjust the horizontal position using all the holes.
2. Mark the mounting holes one by one with a pencil (A).
3. Drill the marked points using a 6 mm drill bit.
4. Insert the dowels into these holes using a hammer.
5. Partially screw in the screws (do not tighten completely).
6. Open the right and left lids of the drying rack.
7. Align the mounting holes on the product exactly above the screws and hook downwards.
8. Tighten the screws.
