

MANUFACTURER DECLARATION

Material description:

EGGER Eurospan JP F0,3 (F**) ENF MR ELS (Rec. 146)**

The physical properties of the particleboard Rec. 146 complies with the requirements of the European Standard EN 312 particleboard type P3 including the mechanical properties and including the properties type P3 with swelling in thickness 24 h.

But please note that the raw board does not comply with the following moisture resistance properties of the classification P3:

- internal bond after cyclic test EN 312 Table 5 Option 1
- swelling in thickness after cyclic test EN 312 Table 5 Option 1
- internal bond after boil test EN 312 Table 5 Option 2

Only after **appropriate coating** of the raw board the product complies to Japanese standard JIS A 590, with the limit value of ≤ 0.3 mg HCHO/L according to the desiccator method JIS A 1460.
