ERGOBOX – Ukrainian manufacturer of accessories for organizing your furniture's interior space. Our goal is to bring comfort and satisfaction to your daily routine.

No more chaos! Everything in its place!

ERGOBOX organizers are useful wherever there are a lot of things. In the kitchen, the wardrobe and dressing room, the nursery and bathroom, the hallway, and even the office.

With **ERGOBOX** accessories, every item has its place. You gain more usable space, save time, and enjoy a great mood because nothing gets lost or misplaced.

Environmentally friendly and made of natural wood, **ERGOBOX** accessories are a unique choice.

Key features of ERGOBOX products:

- natural wood – solid ash;
- treated with a blend of natural plant oils and beeswax;
- customization available to meet individual preferences;
- manufacturer's warranty: 18 months;
- **ERGOBOX** products are proudly made in Ukraine!

Thank you for choosing **ERGOBOX**! We take pleasure in helping you keep your belongings in order.

General information, terms, and definitions used in this technical catalog

1. The Technical catalog – price list has an effective date and remains valid until a new edition is released. The new version of the document supersedes the previous catalog.
2. The manufacturer's warranty is 18 months for all products listed in the Technical catalog.
3. The manufacturing company reserves the right to change the structural features, materials used, and production technology without prior approval from the Consumer. These modifications are made solely to improve product quality and consumer characteristics.

SERIES «CLASSIC TRAYS 450 & 500»

CLASSIC TRAYS are designed to organize space inside low-profile pull-out drawers. They provide a convenient way to store cutlery, kitchen knives, and other kitchen accessories.

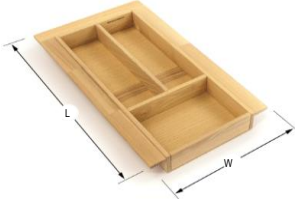

Key features of CLASSIC TRAYS:

- frame: solid ash wood, 8 mm thick;
- bottom: MDF coated with ash veneer on both sides, 4 mm thick;
- finish: a blend of natural vegetable oils and beeswax.

<p>Important! The classic additional tray is selected by width to match the size of the corresponding Classic tray.</p>					

SERIES "DIVIDED TRAYS"

DIVIDED TRAYS are designed to organize the internal space of low pull-out drawers. The trays are convenient for placing tableware, knives, and other kitchen items.

DIVIDED TRAYS are selected in the required size and quantity to fit the drawer.

ADVANTAGES! The consumer can organize the drawer space according to their own needs.

Key features of DIVIDED TRAYS:

- frame: ash wood, thickness 8 mm;
- bottom: MDF, covered with ash veneer on both sides, thickness 4 mm;
- finish: a blend of natural plant oils and beeswax.

The manufacturing company reserves the right to change the structural features, materials used, and production technology without prior approval from the Consumer. These modifications are made solely to improve product quality and consumer characteristics.

EXAMPLE OF TRAY PLACEMENT,
 TOGETHER WITH THE DIVIDER COMPENSATOR

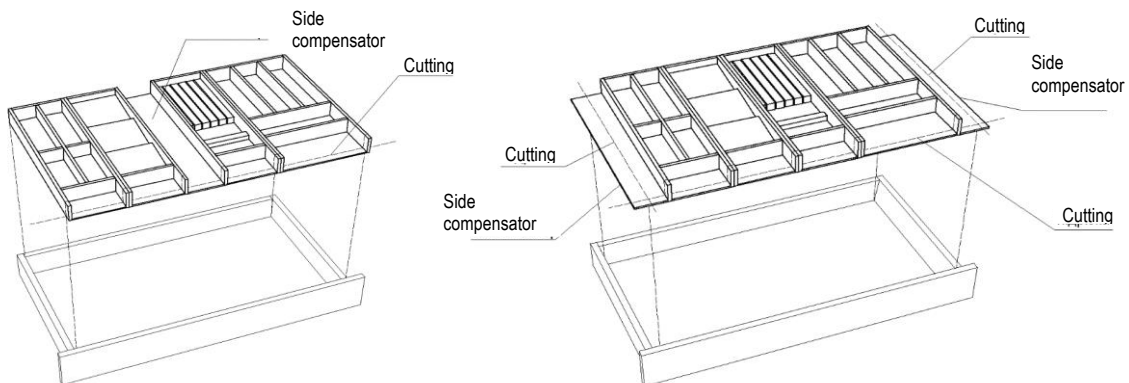

Tip!
 Before placing the trays and compensators in the drawer
 we recommend lining the bottom of the drawer
 with a rubber mat and leaving some free space between the trays.

INSTRUCTIONS FOR INSTALLATION OF "DIVIDED TRAYS"

Option A. USE OF DIVIDER COMPENSATORS. SUITABLE FOR ALL TYPES OF DRAWERS.
THE BOTTOM OF THE DRAWER IS LINED WITH A RUBBER MAT:

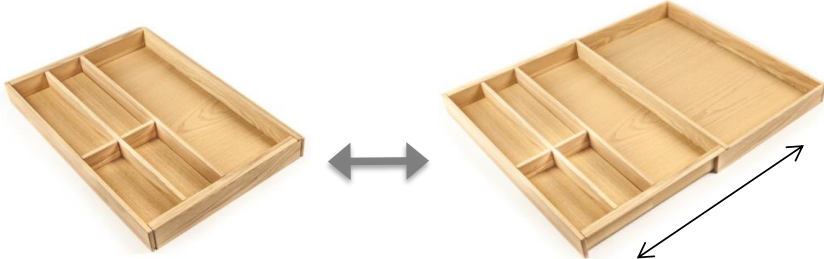

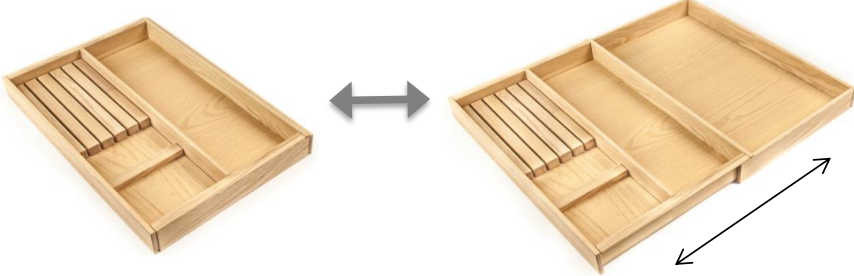

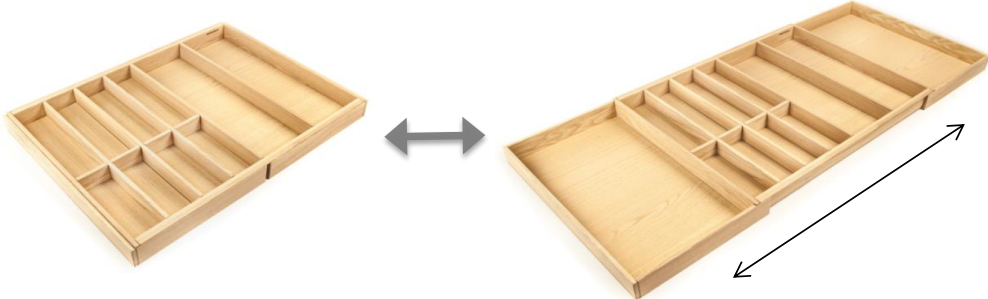

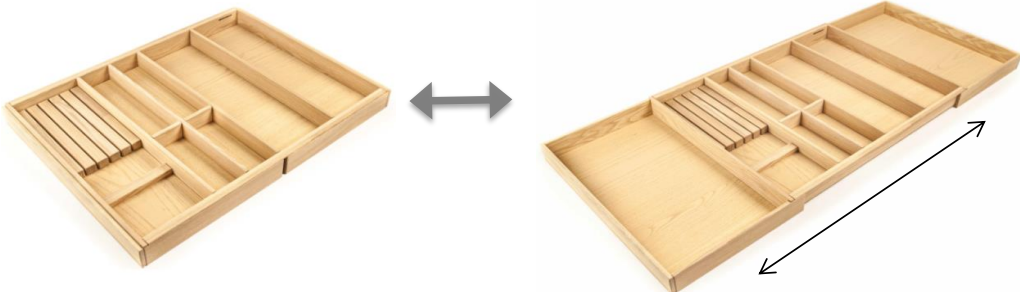

Option B. IF THE DRAWER HAS FLAT SIDES, SIDE COMPENSATORS ARE USED:

1. THE WIDTH OF THE TRAY SET IS FORMED BY ADDING THEM TO EACH OTHER.
TO FILL THE DRAWER 100%, THE SIDE COMPENSATOR IS TRIMMED TO FIT THE REMAINING SPACE,
OR THE DRAWER IS FIRST LINED WITH A RUBBER MAT ON WHICH THE SELECTED TRAYS ARE PLACED.
2. THE TRAYS HAVE MAXIMUM LENGTH FOR DRAWERS WITH A 500 mm EXTENSION.
THE LENGTH OF THE TRAYS IS ADJUSTED ON THE FRONT SIDE BY TRIMMING.
3. AFTER TRIMMING THE TRAY, TREAT THE TRIMMING AREA WITH A MIXTURE OF OIL AND WAX (NOT INCLUDED IN THE SET).

Universal tray, suitable for any type of drawer, with a rail length of 500 mm or more
(trays are made only in Natural color!).

4. BOTTLE ORGANIZERS ARE TRIMMED IN LENGTH FROM THE BACK SIDE.

5. INSTRUCTIONS FOR INSTALLING DIVIDER ORGANIZERS.

SERIES "BOXES"

BOXES are designed for organizing space anywhere.
BOXES are perfect for storing kitchen utensils, small items, tools, and small household appliances.
BOXES are also very convenient and useful for storing jewelry and other accessories.

Thanks to their special design, BOXES can be stacked on top of each other, forming several levels in height.

- BOXES are made from natural wood – solid ash.
- finish: a blend of natural plant oil and beeswax.
- The height of the BOXES: 55, 107, 159, and 211 mm.

INSTRUCTIONS FOR MEASURING A FURNITURE DRAWER

Since different furniture companies use various drawer slide systems, the internal dimensions of drawers may vary.

The ERGOBOX company manufactures organizers in maximum sizes for drawers with **450 mm and 500 mm slide lengths**.

Trimming to match the actual drawer dimensions is required to properly place the organizer(s) in the drawer.

Figure 1 shows an example of placing a Classic Tray in a drawer with trimming of the side and rear compensators.

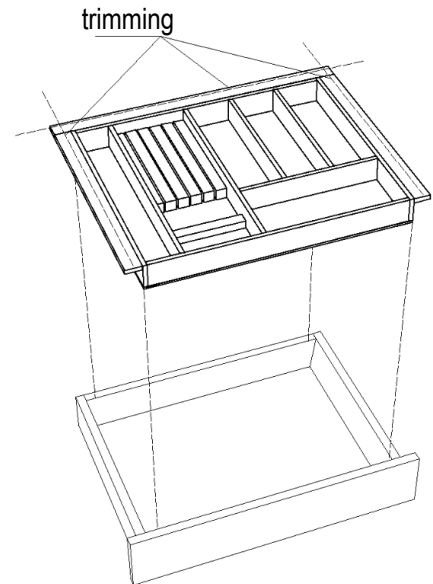

Figure 1

To ensure accuracy, measure the following three dimensions in millimeters:

Width (Figure 1): internal dimension from side to side at the bottom of the drawer (Fig. 2 or Fig. 3).

Length (L): internal dimension from the front panel to the back wall of the drawer (Fig. 4).

Height (H1) – height of the side panel inside the drawer. **Height (H2)** – height from the drawer bottom to the upper obstruction.

IMPORTANT! Please provide information on how the drawer is assembled and which slide system is used.

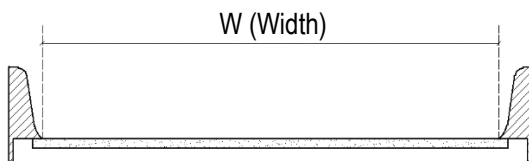

Figure 2

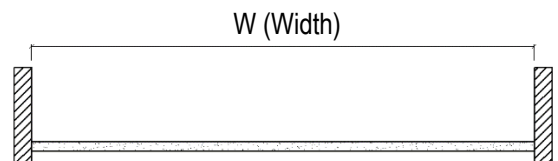

Figure 3

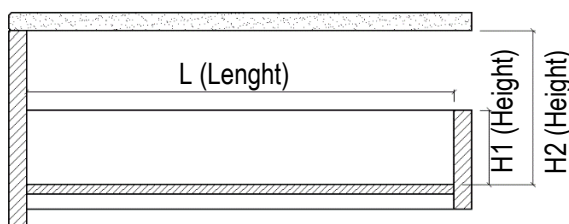

Figure 4

W = _____ mm
L = _____ mm
H1 = _____ mm
H2 = _____ mm

IMPORTANT! After trimming the organizer, the cut areas must be treated with a mixture of vegetable oils and wax.
